About this initiative

Summary

The Commission will assess Member States' progress towards the 2030 targets for packaging waste reduction, municipal waste preparing for re-use and recycling and packaging waste recycling, the different packaging material recycling targets and food waste reduction targets.

It will also assess progress towards the 2035 target for municipal waste landfill, identifying Member States at risk of not meeting these targets and providing them with recommendations to improve their performance.

As an environmental compliance professional with long-standing experience in the automotive industry and its international supply chains, I fully support the EU's circular economy objectives and the recycling and waste reduction targets under the Waste Framework Directive, the Landfill Directive and the Packaging and Packaging Waste Regulation (PPWR). I welcome this call for evidence and would like to highlight the following implementation challe...
